

PROGRAM EVALUATION

The superintendent or designee will prepare an annual report that reflects the degree to which district goals and objectives related to the instructional program have been accomplished. The district will annually review the assessment processes and procedures to determine if the purposes of the evaluation program are being accomplished. Specifically, the district will adjust its curriculum if student performance under Washington State Assessment Program indicates the district's students need assistance in identified areas.

- A. A clear statement of expectations and/or standards for the district's instructional programs,
- B. Staff, resources and support to achieve the stated expectations and/or standards; and
- C. A plan for evaluating instructional programs and services to determine how well expectations and/or standards are being met.

The district will utilize a variety of assessment processes to:

- A. Determine the effectiveness of the instructional programs,
- B. Assess the progress of individual students in attaining student learning goals or standards,
- C. Identify the needs of individual students who are not progressing at their expected rates, and
- D. Identify students who are in need of specialized programs.

Parents who wish to examine any assessment materials may do so by contacting the superintendent or designee. Parent approval is necessary before administering an a diagnostic personality test. Parents will be notified of their child's performance on any Washington state test or assessment. No tests or measurement devices containing any questions about a student's personal beliefs and practices or his/her family's personal beliefs and practices in family life, morality and religion, will be administered unless the parent or guardian gives written permission for the student to take such test, questionnaire or examination.
